SECRETARY of TRANSPORTATION

GROWTH AND ACCESSIBILITY PLANNING (GAP) TECHNICAL ASSISTANCE PROGRAM FY 22: OVERVIEW WEBINAR 1

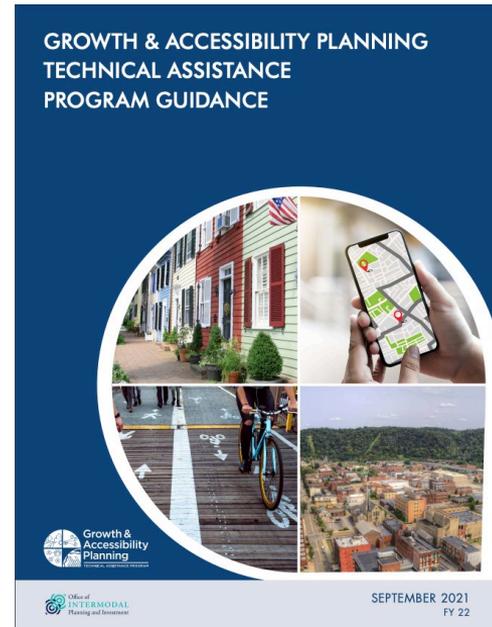

Jitender Ramchandani, PMP, AICP
September 16, 2021

OVERVIEW AGENDA

- Resources
- Context and Overview
- Goals of the GAP-TA Program
- Program Components
- FY22 GAP-TA Application
- Next Steps

- Q&As

RESOURCES

- [Webpage: Growth and Accessibility Planning \(GAP\) Technical Assistance](#)
 - Program Components
 - o [FY 22 Program Guidance Document \(Updated!\)](#)
 - [Application for Technical Assistance](#)
 - Timeline
- Slide deck and other relevant webinar details are available on [“Meetings”](#) page

The screenshot displays the VTrans website's 'Meetings + Updates' page. At the top, there is a search bar and navigation tabs for 'About', 'Vision + Actions', 'Mid-Term Planning', 'Long-Term Planning', and 'Meetings + Updates'. Below the navigation, a header states: 'VTrans is Virginia's Transportation Plan. It is prepared for the Commonwealth Transportation Board by the Office of Intermodal Planning and Investment.'

The main content area is titled 'Latest VTrans and GAP Updates'. It features a list of updates with dates and links:

- September 1, 2021: [GAP-TA Intake and Upcoming Outreach](#). Description: Opportunities to gather information and to provide feedback on the development of the VTrans Long-term Risk & Opportunity Register and the GAP Technical Assistance Program.
- Jun 9, 2021: [Upcoming VTrans Outreach and Engagement](#)
- Mar 24, 2021: [Get to know the Prioritized VTrans Mid-term Needs](#)

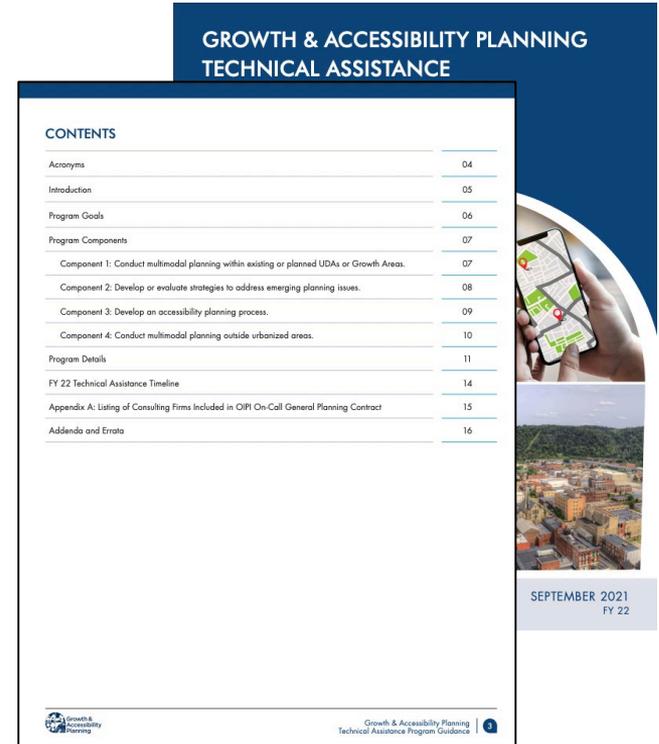

A 'View All Updates' button is located to the right of the update list. Below this section is a 'Meetings' section with three event cards:

- Sep 14, 2021 | 10:00am: [VTrans Update: Commonwealth Transportation Board - Long-term Risk & Opportunity Register](#). Milestone Event.
- Sep 16, 2021 | 1:30p-3:00pm: [QIP Growth and Accessibility Planning \(GAP\) Technical Assistance Program: Informational Webinar 1](#). Other Event.
- Sep 20, 2021 | 1:30p-3:00pm: [VTrans Long-term Risk & Opportunity Register \(Webinar 3\)](#). Other Event.

A 'View All Meetings' button is located to the right of the meeting cards. At the bottom of the page is a 'Stay Connected' section with a message: 'We are committed to fostering meaningful public engagement and welcome your input. You can submit a [comment](#) or send us a message.' It includes a subscription form for 'VTrans News' with an email address field and a 'Subscribe' button, and social media icons for Facebook and Twitter.

TECHNICAL ASSISTANCE PROGRAM

FY22 GAP Technical Assistance Application

Welcome to the FY22 application intake for the Growth and Accessibility Planning (GAP) Technical Assistance Program of the Virginia Office of Intermodal Planning and Investment.

For more information on this program, please visit www.vtrans.org/about/GAP-TA.

Please submit your application by Monday, November 1st, 2021.

If you experience any issues or have questions as you complete the application, please [contact us](#) or send an email to GAP-TA@vtrans.org.

Note: This survey may take about 30 minutes to complete. You can save a partially completed application and work on it later before submitting. To do so, you must first complete the first page of the survey. On subsequent pages, you can click on the "Save and continue later" button at the top of the screen and follow the instructions. You will need to enter in an email address and you will receive a special hyperlink to that email to use when you wish to return to the application.
See below for an example of the instructions that will appear (image only) - not an actual link.

Save and continue later * Please supply an email address to save your progress. A unique link will be emailed to you that will allow you to return where you left off.

1. Please select applicant entity type *

Planning District Commission (eligible for Components 2, 3, 4)

Metropolitan Planning Organization (eligible for Components 2, 3)

CONTEXT AND OVERVIEW

CONTEXT AND OVERVIEW | ABOUT GAP-TA

- OIPI has offered technical assistance for several years. The new technical assistance program called Growth and Accessibility Planning (GAP) is a continuation of that.
 - **2010:** OIPI/VDOT initiates a technical assistance program focused on Urban Development Areas (UDA).
 - **2020:** OIPI's technical assistance program re-branded and expanded.
 - **20:** Total number of applications
 - **16:** Number of awards
 - **\$1.5+ million:** Awarded in technical assistance

- **Stronger, more visible and meaningful connection between statewide planning and the technical assistance program**
- **Greater focus on performance-based planning**
 - Documentation of existing conditions, while important, is envisioned to be means to an end which is to develop strong evidence-based planning recommendations that are informed by public feedback.
- **Greater adherence to the intended goals and purpose**
 - Deviation from the expected goals or outcomes, unless necessitated by data, are highly discouraged.
 - The program goal is areawide planning which may form the basis for a specific funding application for state (e.g. SMART SCALE or Revenue Sharing), regional (e.g. RSTP, CMAQ, etc.), or federal funds.
 - It is not meant to develop applications per se or to perform roadway design work.
- **Greater consistency across technical assistance for different agencies and jurisdictions**
 - Intent to avoid varying or contradictory approaches taken by different OIPI consultants by ensuring reliance on same or similar datasets.

1. Advance the [CTB's Vision](#), which was established as part of the 2019 Update of VTrans, Virginia's Transportation Plan:
 - “Virginia’s multimodal transportation system will be Good for Business, Good for Communities, and Good to Go. Virginians will benefit from a sustainable, reliable transportation system that advances Virginia businesses, attracts a 21st century workforce, and promotes healthy communities where Virginians of all ages and abilities can thrive.”

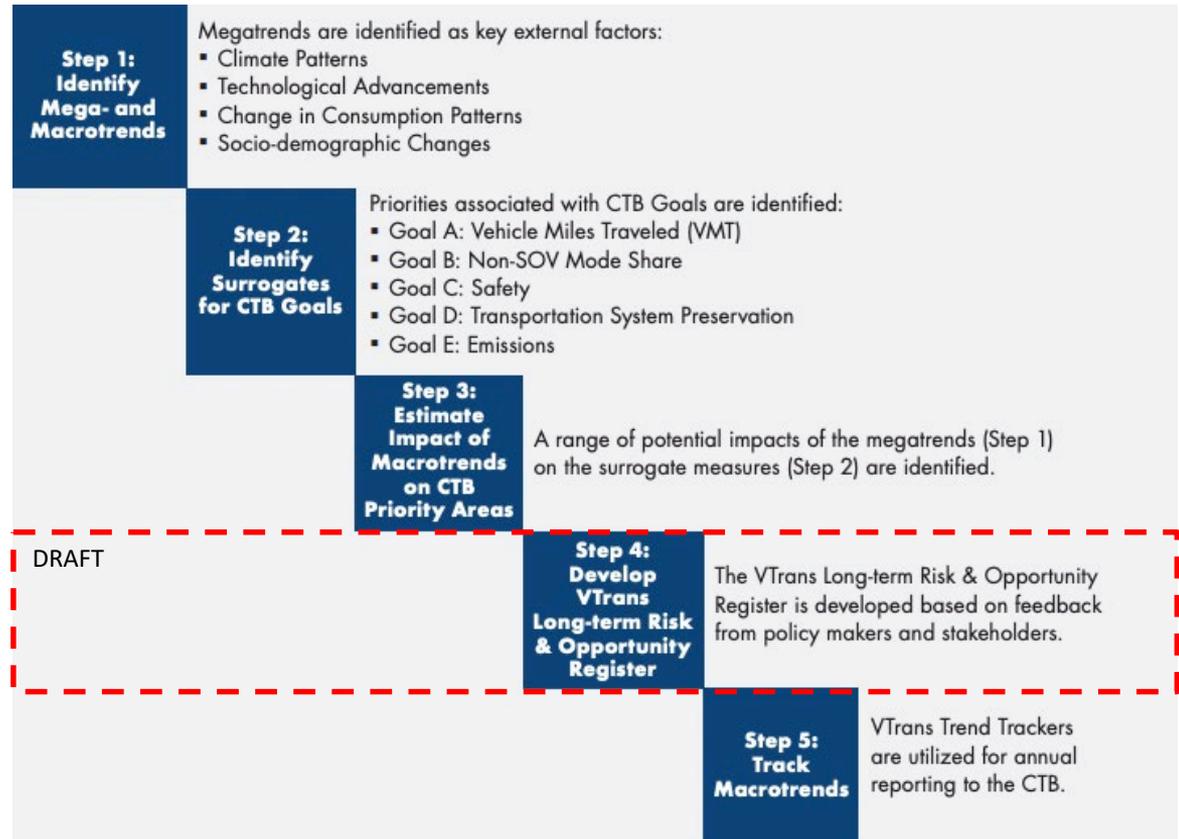

2. Continue efforts toward achieving the following, pursuant to [Virginia Code § 2.2-229](#):
 - Encourage the use of **innovation and best practices to improve the efficiency** of the Commonwealth’s surface transportation network and to enhance the efficacy of strategies to improve such efficiency
 - Promote the **coordination between transportation investments and land use** planning.

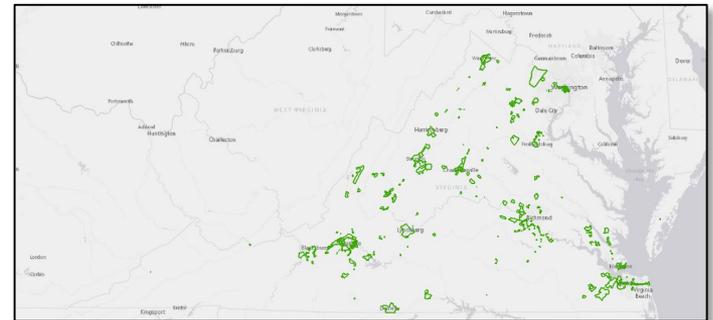

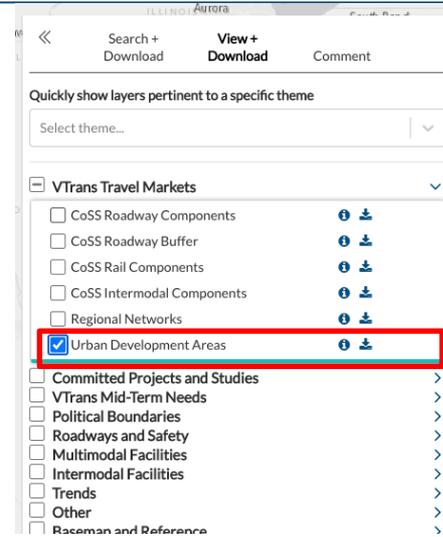

CONTEXT AND OVERVIEW | PROGRAM GOALS

3. Address items identified in the DRAFT VTrans Long-term Risk & Opportunity Register

CONTEXT AND OVERVIEW | PROGRAM GOALS

- Continue pursuance of the intent of [Virginia Code § 15.2-2223.1](#), which seeks to **focus**, to the extent possible, federal, state, and local transportation, housing, water and sewer facility, economic development, and other **public infrastructure funding for new and expanded facilities on designated UDAs or to similar areas that accommodate growth.**

vtrans.org/mid-term-planning/InteractVTrans
vtrans.org/mid-term-planning/travel-markets

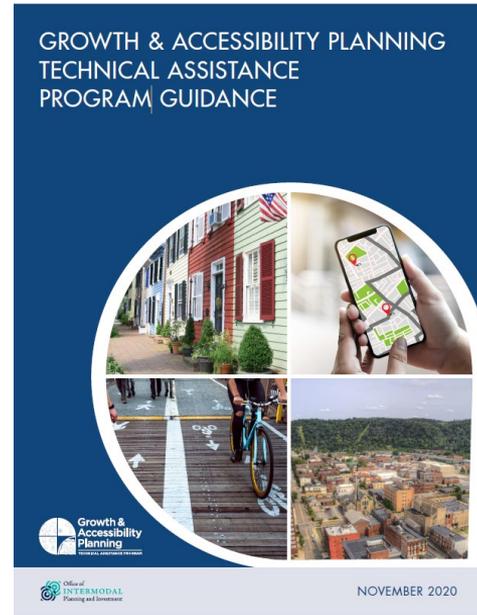

GAP-TA PROGRAM COMPONENTS

PROGRAM COMPONENTS

- **Four Program Components**
 1. Conduct multimodal planning within existing or planned UDAs or Growth Areas.
 2. Develop or evaluate strategies to address emerging planning issues.
 3. Develop an accessibility planning process.
 4. Conduct multimodal planning outside urbanized areas.

PROGRAM COMPONENTS | COMPONENT 1 (MULTIMODAL PLANNING FOR UDA / GROWTH AREA)

- **Purpose:** Conduct multimodal planning within existing or planned UDAs or Growth Areas.
- **Eligible Entities**
 - Cities
 - Counties
 - Towns responsible for development and amendments of comprehensive plans per [Virginia Code § 15.2-2223](#) and maintain their own infrastructure and qualify to receive payments pursuant to [Virginia Code §33.2-319](#)
- **Duration** (from the date of Contractor Notice to Proceed)
 - Up to 12 months

Expectation

- UDA designation is at local jurisdiction's discretion. **If a locality receives GAP-TA assistance for Component 1, it is expected.**
- Technical Assistance is to plan within an existing or planned UDA area **identified by locality.** If a UDA does not exist, it is expected that locality will initiate appropriate comprehensive plan update.

- **Noteworthy Items**

- The term UDA is not required (e.g. Strategic Growth Area, Designated Growth Area, Development District, Transit Supportive Area, Mixed Use/Residential Area, etc.)
- UDAs encompass a wide variety of land uses and densities
- The key is to reduce the impacts of growth on transportation networks by promoting efficient development patterns featuring TND

- **Resources**

- Know More about UDAs ([Webpage](#))
- How to designate a UDA ([Factsheet](#))

PROGRAM COMPONENTS | COMPONENT 1 (MULTIMODAL PLANNING FOR UDA / GROWTH AREA)

- **Eligible Activities:** Support the intent of the [Virginia Code § 15.2-2223.1](#), namely support “traditional neighborhood design” by planning for:
 - Pedestrian-friendly road design
 - Connectivity of road and pedestrian networks
 - Preservation of natural areas
 - Mixed-use neighborhoods, including mixed housing types, with affordable housing to meet the projected family income distributions of future residential growth
 - Reduction of front and side yard building setbacks
 - Reduction of subdivision street widths and turning radii at subdivision street intersections
 - Planning for food access and addressing food deserts

- **Expected Outcomes**

- Designation of growth areas per [Virginia Code § 15.2-2223.1](#) (**required**, if not a UDA)
- Need identification and planning for multi-modal transportation infrastructure
- Reconfirmation of existing sidewalk and bicycle lanes by direction or a complete inventory of existing sidewalks and bicycle lanes by direction
- A comparative assessment of existing square footage, permissible square footage, and revised permissible square footage

- **Purpose:** Develop or evaluate strategies to address emerging planning issues
- **Eligible Entities**
 - MPOs
 - PDCs
 - Transit operators, pursuant to [Virginia Code § 58.1-638\(A\)\(4\)\(b\)\(2\)](#)
 - Cities
 - Counties
 - Towns responsible for development and amendments of comprehensive plans per [Virginia Code § 15.2-2223](#) and maintain their own infrastructure and qualify to receive payments pursuant to [Virginia Code §33.2-319](#)
- **Duration** (from the date of Contractor Notice to Proceed)
 - Develop strategies: Up to 9 months
 - Evaluate strategies: Up to 30 months

Expectation

Develop strategies, identify best practices to be replicated statewide

- **Eligible Activities:** Including, but not limited to, the following:
 - Land use and transportation impacts of proliferation of shared mobility¹
 - Utilization of newly available public or private datasets to **modify existing processes or to develop new processes** to address one or more well-defined land use or transportation planning need or challenge
 - Utilization of mobile computing, including, but not limited to cell phone **apps or applications to address one or more well-defined land use or transportation planning need** or challenge
 - **Planning for the projected proliferation of electric vehicles** including, but not limited to modifying building codes, on- and off-street parking considerations, etc.

¹ As defined per the Taxonomy and Definitions for Terms Related to Shared Mobility and Enabling Technologies, SAE International Publication J3163, issued September 2019

- **Expected Outcomes**
 - A product that could be a mobile application, building code, a contract, or a process that is scalable, replicable, and developed using sound data-driven planning to ensure it can be utilized or deployed by other jurisdictions.

PROGRAM COMPONENTS | COMPONENT 3 (DEVELOP ACCESSIBILITY PLANNING PROCESS)

- **Purpose:** Develop an accessibility planning process
- **Eligible Entities**
 - MPOs
 - PDCs
 - Cities
 - Counties
 - Towns responsible for development and amendments of comprehensive plans per [Virginia Code § 15.2-2223](#) and maintain their own infrastructure and qualify to receive payments pursuant to [Virginia Code §33.2-319](#)
- **Duration** (from the date of Contractor Notice to Proceed)
 - Up to 15 months

Expectation

- The purpose is to allow development of processes, not plans.
- More specifically, technical assistance is to allow MPO, PDCs, and others to develop performance-based planning processes that these entities can utilize to develop products (e.g. list of priority projects, etc.) on recurring basis.

- **Eligible Activities:** Including, but not limited to, the following:
 - Identification, validation, calibration, and **selection of performance measures and associated thresholds** for a performance-based planning process
 - Development of a detailed **performance-based planning process template**
 - Identification and assignment of roles and responsibilities of all stakeholders in the performance-based planning process
 - Development of data structure and document templates for the performance-based planning process

Stakeholder and public input are integral to performance-based planning process, not substitutes or replacements.

PROGRAM COMPONENTS | COMPONENT 4 (MULTIMODAL PLANNING OUTSIDE URBANIZED AREAS)

- **Purpose:** Conduct multimodal planning outside urbanized areas.
- **Eligible Entities**
 - PDCs
 - Transit operators, pursuant to [Virginia Code § 58.1-638\(A\)\(4\)\(b\)\(2\)](#)
 - Cities
 - Counties
 - Towns responsible for development and amendments of comprehensive plans per [Virginia Code § 15.2-2223](#) and maintain their own infrastructure and qualify to receive payments pursuant to [Virginia Code §33.2-319](#)
- **Duration** (from the date of Contractor Notice to Proceed)
 - Up to 9 months

- **Eligible Activities:** Support planning for:
 - Pedestrian-friendly road design
 - Connectivity of road and pedestrian networks
 - Preservation of natural areas
 - Mixed-use neighborhoods, including mixed housing types, with affordable housing to meet the projected family income distributions of future residential growth
 - Reduction of front and side yard building setbacks
 - Reduction of subdivision street widths and turning radii at subdivision street intersections
 - Planning for food access and addressing food deserts

- **Expected Outcomes**

- Need identification and planning for multi-modal transportation infrastructure
- Reconfirmation of existing sidewalk and bicycle lanes by direction or a complete inventory of existing sidewalks and bicycle lanes by direction
- A set of location-specific multimodal improvements identified based on performance-based planning to potentially inform the execution of the VTrans Policy for the Identification and Prioritization of Mid-term Needs

PROGRAM COMPONENTS | ELIGIBILITY BY GAP-TA PROGRAM COMPONENT

Conduct multimodal planning within existing or planned UDAs or Growth Area

Develop or evaluate strategies to address emerging planning issues

Develop an accessibility planning process

Conduct multimodal planning outside urbanized areas

| Entity Type | Component 1 | Component 2 | Component 3 | Component 4 |
|--|------------------|--------------------|------------------|-----------------|
| County | • | • | • | • |
| City | • | • | • | • |
| Town, pursuant to Virginia Code § 15.2-2223 and Virginia Code § 33.2-319 | • | • | • | • |
| Planning District Commission (PDC) | | • | • | • |
| Metropolitan Planning Organization (MPO) | | • | • | |
| Transit Operator, pursuant to Virginia Code § 58.1-638(A)(4)(b)(2) | | • | | • |
| Maximum duration (from the date of consultant notice to proceed) | 12 months | 9-30 months | 15 months | 9 months |

CONTEXT AND OVERVIEW | GAP-TA ROLES AND RESPONSIBILITIES

- **Nature of Technical Assistance:** Planning Assistance provided by OIPI consultants

| Phase | Responsibility | Role | | |
|-------------|--|------|------------|-----------|
| | | OIPI | Consultant | Applicant |
| Application | Accept applications for technical assistance; provide guidance | • | | |
| | Submit application for technical assistance | | | • |
| | Ensure local/regional support for the requested assistance | | | • |
| | Evaluate requests for technical assistance | • | | |
| | Select requests for technical assistance for further development | • | | |
| | Develop detailed scope of service | | | • |
| | Confirm scoped work meets program requirements | • | | |
| | Select a suitable a consultant to provide technical assistance | • | | |
| Award | Issue Notice-to-Proceed for scoped work | • | | |
| | Establish contact between the consultant and the applicant | • | | |

CONTEXT AND OVERVIEW | GAP-TA ROLES AND RESPONSIBILITIES

- **Nature of Technical Assistance:** Planning Assistance provided by OIPI consultants

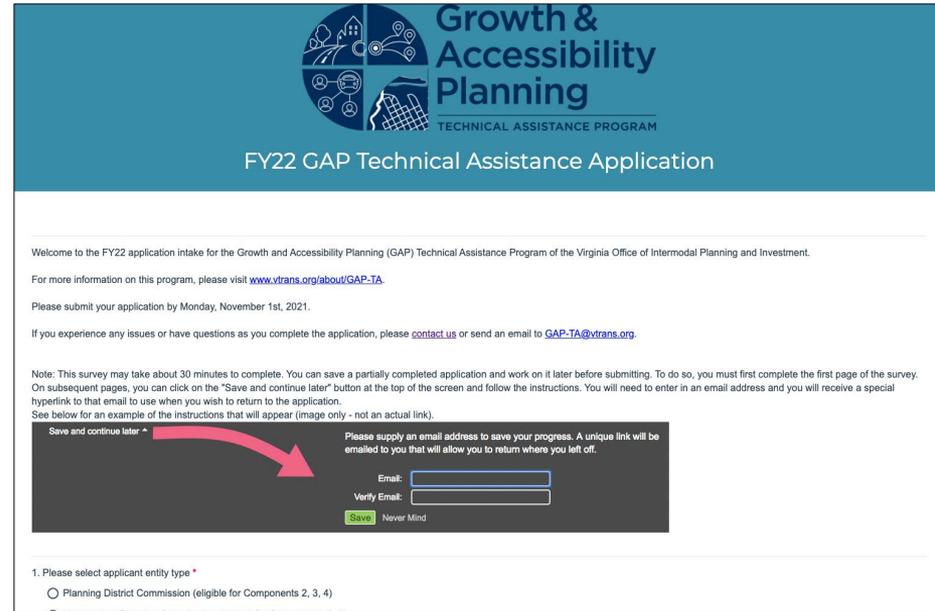

| Phase | Responsibility | Role | | |
|----------------------|---|------|------------|-----------|
| | | OIPI | Consultant | Applicant |
| Technical Assistance | Provide data and respond to requests | | | • |
| | Collect data, perform analysis and conduct work per scope | | • | |
| | Ensure adherence to performance-based planning | • | • | • |
| | Ensure timely and consistent progress | | • | • |
| | Manage consultant on day-to-day basis | | | • |
| | Ensure adherence to budget, schedule, and GAP requirements | | • | • |
| | Ensure continued local/regional support for the requested work | | | • |
| | Conduct meetings, make presentations to public and agency officials | | | • |
| | Provide technical documents and other content needed for meetings | | • | |
| | Submit timely invoices and progress reports to OIPI | | • | |
| | Advise OIPI on consultant invoices and progress reports | | | • |
| | Approve invoices and make payments | • | | |

NOTEWORTHY

NEXT STEPS | FY 22 PROGRAM APPLICATION

- [Complete GAP Program FY 2022 Application](#)
 - Requested Info
 - Information
 - Type of Agency/Jurisdiction
 - Contact Info
 - Focus of the technical assistance request
 - The desired end output or outcomes
 - Preliminary outline
 - Letter of support
 - Map or shapefile of area where the proposed work will be performed

Growth & Accessibility Planning
TECHNICAL ASSISTANCE PROGRAM

FY22 GAP Technical Assistance Application

Welcome to the FY22 application intake for the Growth and Accessibility Planning (GAP) Technical Assistance Program of the Virginia Office of Intermodal Planning and Investment.

For more information on this program, please visit www.vtrans.org/about/GAP-TA.

Please submit your application by Monday, November 1st, 2021.

If you experience any issues or have questions as you complete the application, please [contact us](mailto:contact.us) or send an email to GAP-TA@vtrans.org.

Note: This survey may take about 30 minutes to complete. You can save a partially completed application and work on it later before submitting. To do so, you must first complete the first page of the survey. On subsequent pages, you can click on the "Save and continue later" button at the top of the screen and follow the instructions. You will need to enter in an email address and you will receive a special hyperlink to that email to use when you wish to return to the application. See below for an example of the instructions that will appear (image only - not an actual link).

Save and continue later ^

Please supply an email address to save your progress. A unique link will be emailed to you that will allow you to return where you left off.

Never Mind

1. Please select applicant entity type *

Planning District Commission (eligible for Components 2, 3, 4)

- **About online application for GAP-TA:**
 - Approximately 12-18 questions
 - Takes less 15 minutes, if the following items are prepared in advance
 - Letter of support
 - Focus of the technical assistance request (multiple choice)
 - The desired end output or outcomes (500 words)
 - Preliminary outline (1000 words)
 - Map or a shapefile

- **An entity or jurisdiction can apply for more than one type of technical assistance. We anticipate awarding no more than one per entity or jurisdiction.**
 - An entity or jurisdiction can submit one application for more than Components types (e.g. apply for Component 1 and Component 4 in the same application)

NEXT STEPS | FY 22 PROGRAM APPLICATION

- **Application does not have to be completed in one session.**
 - Utilize *Save and Continue Later* option.
- **Before submission, you will have an opportunity to review your application**
- **Once submitted, you will receive an email from noreply@alchemer.com with a PDF of the completed application for your records**
 - OIPI will also receive a copy

Growth & Accessibility Planning
TECHNICAL ASSISTANCE PROGRAM

FY22 GAP Technical Assistance Application

Component 1: Conduct multimodal planning within existing or planned UDAs or Growth Areas.

8. Please describe the focus of the proposed planning effort (choose one): *

Conduct multimodal planning within an existing Urban Development Area established pursuant to VA Code §15.2-2223.1.

Conduct multimodal planning towards establishing an Urban Development Area pursuant to VA Code §15.2-2223.1.

9. Which of the eligible planning activities are you planning on conducting (select all that apply)? *

Pedestrian-friendly road design

Connectivity of road and pedestrian networks

Preservation of natural areas

Mixed-use neighborhoods, including mixed housing types, with affordable housing to meet the projected family income distributions of future residential growth

Reduction of front and side yard building setbacks

Reduction of subdivision street widths and turning radii at subdivision street intersections

Planning for food access and addressing food deserts

10. What would be the tentative title of the proposed planning effort (100 word limit)? *

Save and continue later

NEXT STEPS | TIMELINE

| Phase | Date |
|--|--|
| Application Intake Opens | September 1, 2021 |
| OIPI Provides Information and Guidance | September 1–November 1, 2021 |
| Application Intake Ends | November 1, 2021 |
| Application Evaluation Completed | November 30, 2021 |
| Applicants Notified | December 3, 2021 |
| OIPI Issues Notice to Proceed | December 3, 2021–January 3, 2022 |
| Kickoff Meetings | January 2022 |
| Quarterly Update Meetings | Dates to be determined with recipients at a later date |

 We are here
